Grades for the different semesters and overall programme are given base on the corresponding CPA as shown below:

CPA	Grade

COLLEGE LIBRARY

College library started functioning soon after the inauguration of the college in 1972. The college authority provides adequate funds for the library and hence we were able to add more titles to the stock every year. There are 12 Newspapers and 35 periodicals both in English and Malayalam subscribed to the library. There are 6 department libraries in addition to the general library. The library is partially automated using the library management software SOUL (Software for University Libraries) developed by INFLBNET. Books are classified using the Dewey decimal classification scheme.

Now the college is a member of the N-List Project (National Library and Information Services Infrastructure for scholarly contents) of INFLIBNET. It provides access to e-resources to scholarly contents) at INFLIBNET centre. The authorized users can now access e-resources and down load articles required by them from the publisher's website. We can access more than 4000 e journals and 75000 d-books.

We have a total collection of 44353. Books are purchased once in a year using the state plan fund. Purchase of books using UGC fund is done as and when fund as allotted. Periodicals are subscribed by the general library as per the guide lines of the library advisory committee. Journals are purchased by the P.G. departments and the list is normally prepared by the respective heads of departments. Books purchased using the funds from the SC/ST coaching scheme are also kept separately in the library. We have a good reference collection. We give special importance to the collection of reference books for competitive examiners.

FOSTERING LINKAGES IN ACADEMIC INNOVATION AND RESEARCH

It is a new initiative of the Department of Higher Education of the Government of Kerala, implemented in government colleges, to train the faculty members in teaching-learning and research to contribute to the overall development of the higher education system of the state.

Newly joined faculty with a minimum of 20 years of remaining service are covered in the first phase of FLAIR. The membership is voluntary in nature and the motivation for the faculty members to join the program includes the reward structure it offers along with long term career growth opportunities. Highly performing faculty members will be recognised as FLAIR Professors and Scientists. Academic and research grants will be given on the basis of the performance of the faculty members.

Programme co ordinator: Dr. Anna Abraham, Department of Economics

SCHOLAR SUPPORT PROGRAMME

The Scholar Support Programme, part of the 'New Initiatives in Higher Education' initiated by the Department of Higher Education, Govt. of Kerala aims at imparting additional support to students in curricular areas of weakness. The programme also extends personalized additional support to students in chosen subjects of the curriculum which are challenging to them and are to be identified through a systematic result analysis. As part of the SSP programme, tutorials, study materials, additional lectures, question banks etc. are distributed and interactive sessions are organised to help students to understand the subjects in an easy manner.

Programme co ordinator: Dr.Lyjo K. Joseph, Department of Physics

WALK WITH A SCHOLAR (WWS) PROGRAMME

Walk with a Scholar programme is intended to provide special mentoring and training according to their career perspective to the talented students
